TESTERS

Plug these testers into any car connector and you will have an instant test of running light circuits. Features LED display to show completed circuit for the running lights, left turn signal and right turn signal. Auxiliary circuit LED display is included on the 5-way tester, auxiliary and electric brake are included on the 6-way tester and auxiliary, electric brake and battery charge are included with the 7-way tester. One piece units with internal ground. Dust cap included with 5-way tester can be attached to key chain to always be readily available. Proper installation and set-up of a brake control, when a trailer is not readily available, is possible with the 7-way tester.

Current Monitor testing device is designed to assist in determining whether a tow vehicle's 7-way blade car end connector has been wired properly. (Current Monitor is an excellent diagnostic tool for installation, setup and troubleshooting of electric trailer brake controls.)

The Trailer Tester is designed to help you quickly identify problems in the wiring of the trailer. This is done by testing the Left Turn, Right Turn, Tail/Marker, Brake and Back Up circuits on the trailer. The tester indicates approximate amount of current in each circuit. It will also test the voltage of the external battery connected to the trailer charge circuit (i.e. trailer battery).

Brake Control Bench Tester is a test device designed to determine if a brake control is working properly. Checks brake control output, independent of vehicle wiring. Simulates many fault conditions including open ground, short circuit, open load and more.

DRILL BITS & HOLE SAWS

Drill bits and hole saws are especially selected to best suit trailer hitch installations where drilling is required.

- Drill bits have 135° “split points” for easy starts on flat surfaces
- Made of high carbon, M-2 steel for maximum durability and minimum brittleness
- Bulk packaged

Part No.	Description	Overall Length	Flut Length
01932-003	3/8" Drill Bits (3 per poly bag)	5"	3-5/8"
01933-003	7/16" Drill Bits (3 per poly bag)	5-1/2"	4-1/16"
01934-003	1/2" Drill Bits (3 per poly bag)	6"	4-1/2"
